

Provenance

FERDUS BEYTELL

is a registered Associate General Accountant (South Africa) with SAICA and our Finance Manager.

He has a demonstrated history of managing finance and audit teams and is skilled in the reporting and presentation of key results, analyzing and optimizing financial systems and other key processes, managing client engagement relations and investigating financial irregularities and reporting on discoveries. Ferdus has gained substantial experience in a variety of industries including financial audit, forensic accounting and commercial service delivery.

Fun Fact:

Ferdus is an avid cricketer, jogger, reader and general sports enthusiast and is as passionate about expanding his home library and Goodreads catalogue as he is about continuous learning, self-improvement and the fortunes and woes of the South African national rugby team.

"The importance of individuality and the personal touch should never be underestimated."

WORK HISTORY

Ferdus started his career with a medium-sized auditing firm in South Africa where he learnt of the specific nuances and challenges faced by small and medium-sized businesses. Here, Ferdus gained substantial exposure to several industries including manufacturing, FMCG, investment holdings, service delivery and state-owned entities.

Subsequently, Ferdus joined a forensic accounting firm where further developed his analytical and reporting skills, working on several high-profile forensic accounting investigations.

In a change of scenery, Ferdus entered the commercial sector in the capacity of Finance Manager at a leading player in Private Security in South Africa, where he honed his people management skills and learnt of the risk management in labor-intensive businesses.
